## Three Members to Represent County

## Changes Made in Vulcan Municipal Hospital Board

In accordance with the provisions of the County Act and the Municipal Hospitals Act as amended in 1952, the Hospital Committee of the County of Vulcan has appointed J. E. Carlson, Donald B. Smith and C. W. Loose as members of the Board of the Vulcan Municipal Hospital District No. 19.

These three members, who are also members of the Council of the County of Vulcan, will represent that portion of the County included in the Hospital District and will replace the three Board members now representing that part of the hospital district.

To be retired from the hospital board are Alex Smith, present chairman, and H. C. Douglass. The third member of the board affected was J. E. Carlson, but he will now remain on the Board as a member representing the County.

One other change to be made will be the representative for Special Areas No. 4. Present member for the Special Areas is A. R. Hanna, whose land and home now lie within the boundaries of the County of Vulcan. The Hospitals Act requires that board member representing the Special Areas No. 4 must be a resident of the Special Areas. Mr. Hanna, therefore, will retire from the Board and will be replaced by a resident taxpayer of Special Areas No. 4.

## District Agriculturist

### Learn to Recognize Bad Weeds

Each and every farmer should make use of any opportunity that presents itself to familiarize himself with the appearance of the persistent perennial weeds. Early recognition of an infestation will mean a saving of time and money necessary to clear up the trouble. An infestation covering only a few square feet can be cleaned up with very little effort or expense by the use of a soil sterilant such as sodium chlorate. During tests conducted in 1951, sodium chlorate was found to be superior to other soil sterilants tested. Sodium chlorate may be obtained by contacting your local Weed Inspector, or the Municipal or County office.

The really bad weeds found in Alberta are considered to be hoary cress, leafy spurge, toad flax, field bindweed, and Russian knapweed. They are often referred to as the Five Bad Weeds. These weeds are not only found in Alberta, but they are present in this particular part of Alberta. Since these weeds are established here, it is only reasonable to expect that new patches may make their appearance from time to time, thus the need for constant vigilance.

The Five Bad Weeds mentioned are all deep rooted persistent perennials. These weeds all thrive

## Hope To Have More Farm Group Displays at Fair

An exhibit that drew many favorable comments at the recent County Fair was the Farm Group Display entered by Mr. and Mrs. Roy Adam, who for the second time were awarded the Canadian Bank of Commerce Silver Tray for the best agricultural exhibit.

The display of grains, grasses, vegetables, fruits and preserves, all grown or produced on the Adam farm east of Vulcan, showed just what could be grown on a Vulcan district farm without any particular special effort.

The following products were included in the display:

Grains—Victory Oats, Six-row Barley, Two-row Barley, Fall Barley, Marquis wheat, Bearded Wheat.

Grasses (all native grown)—Red Top, Blue Gamma or Buffalo Grass, Wire Grass, Western Rye, Slough Grasses, Alfalfa, Sweet Clover (two kinds).

Vegetables—Swiss Chard, Cori Kale, Endive, Red Mangle, Sugar Mangle, Head Lettuce (two kinds), Parsley, Cauliflower, Carrots, Peas, Table Turnips, Swede Turnips, Green Beans, White and Chili Dry Beans, Kule Rhabie, Beets, Potatoes (two kinds), Spanish Onions, Dill, Rhubarb, Broccoli.

Fruits—Fresh Red, White and Black Currants; Two kinds of Gooseberries.

Jams and Jellies—Rhubarb Jam, Gooseberry Jam, Red Currant Jelly, Black Currant Jelly.

Although considerable time was required to prepare the display, Mr. and Mrs. Adam feel that the effort was very worthwhile and particularly hope that other residents of the County will enter similar displays at the next County Fair.

under a variety of soil conditions, providing a moderate amount of precipitation is received. This is no doubt the reason they may be found as far north as the Peace River district and as far south as the southern boundary of the province. The south-east part of the province still remains comparative free of the bad weeds, due to the rather arid nature of the climate.

If a farmer should find a patch of strange plants growing on his farm and they appear to be of a noxious nature, it is a good plan to take a sample of them to the local Weed Inspector or District Agriculturist. We are familiar with the Five Bad Weeds mentioned. If we cannot identify the specimen we will send it to someone who can.

## Council Grants Building Permits

Mayor Allan and Councillors Morrison, Jamison, McIntyre, Seales, Scotney and McAskill were present at the regular town council meeting held Aug. 11.

The following applications for building permits were granted:

H. S. Burns. To move 24 x 29 house to Lot 13, Blk. 29, estimated cost \$5000.

Mrs. Hazel Marshall. To move 24 x 38 ft. house to Lot 11, Blk. 26 estimated cost \$5000. The proviso was made that the roof was to be re-shingled, the siding repaired and the building stuccoed or painted.

Art Pederson. Addition of 8 x 10 ft. porch to dwelling. Estimated cost \$150.

Simon Tuttle. To build frame garage 12 x 22 ft. Estimated cost \$150.

Plumbing Inspector O. B. Roe was appointed plumbing inspector for the town. Bylaw No. 280 was given three readings and passed, setting \$5.00 as the fee to be charged for plumbing permits.

## Bride's Brother Performs Ceremony

Diemert - Schierman The bride's brother, Rev. S. R. Schierman performed the evening wedding in the Evangelical United Brethren Church, Calgary, Aug. 9, at which Miss Lenore Schierman, youngest daughter of Mr. and Mrs. John Schierman of Calgary, became the bride of Eric Diemert, son of Mr. and Mrs. Diemert of Weyburn, Sask.

Pink and white streamers and mixed summer flowers decorated the church altar for the double wedding ceremony at which the bride was given in marriage by her father. Her train-length gown of white bridal satin was styled on empire lines and featured inset net yoke, banded with shirred satin drapes, on the long-sleeved bodice. Silk illusion veiling cascaded to train-length from her jeweled coronet and she carried a bouquet of red roses. Her only jewelry was the groom's gift of a rhinestone necklace.

Full-skirted taffeta frocks in pastel hues of yellow, green and mauve, respectively were worn by the bride attendants, Mrs. Charles Budd, sister of the bride and matron of honor, Miss Lorraine Diemert, the groom's sister, and Miss Lorraine Fritzel, niece of the bride, who were bridesmaids. Complementing their ensembles were net headresses in tone with their frocks and they carried matching net muffs mounted with corsages of white carnations.

Rueben Schmidt of New Sarepta, Alta., was groomsmen, and ushers were Charles Budd, brother-in-law of the bride and Emil Fritzel, the bride's nephew.

Mrs. S. R. Schierman played the wedding music, and during the signing of the register Jerry Schierman, nephew of the bride, sang "A Wedding Prayer."

Following the church service a wedding reception was held in the Empress hotel after which the bride couple left by motor on a wedding trip to Banff and Southern Saskatchewan. For travelling the bride wore a navy blue suit ensemble complimented with white accessories and a corsage of red roses.

Mr. and Mrs. Diemert will take up temporary residence in Vulcan prior to going to Medicine Hat, where the former is a student of Hillcrest Bible Institute.

## ENSIGN

Mr. and Mrs. Vernal Haga have returned from a two-week holiday spent in North Dakota, U.S.A.

On Thursday evening some 35 ladies gathered in the hall to honor Mrs. Norman Market (nee Fay Fisher) whose marriage took place recently. A gaily decorated basket full of gifts was presented to the new bride by Mrs. Turley, for which Mrs. Market suitably thanked all. A lovely lunch was served by hostesses Mrs. Mooney, Mrs. Hagen, Mrs. Turley and Mrs. Paton.

Mr. and Mrs. Burnell of Calgary were visitors at the Flebotte home Sunday.

Mr. and Mrs. Atkin left on a holiday to U.S. points on Thursday last.

Miss Helen Mote spent a few days last week in Magrath visiting at the home of Mr. and Mrs. D. Loose.

King Penguins, a gift from Governor Miles Clifford of the Falkland Islands to Stanley Park Zoo, arrived in Vancouver recently via TCA. The birds, 12 in all, travelled 15,000 miles by whale-boat, steamer and air from South Georgia Island, southeast of the Falklands. On hand to meet the group are, from left, Park Commissioner Jack Moffitt, City Clerk Ron Thompson, Zoo Keeper Allan Best, and Mrs. Buda Brown.

## Open Season on Pheasants

## Upland Bird Season Will Be Oct. 4 to Nov. 15

A six week open season this fall throughout Alberta on most types of upland birds has been announced by Eric Huestis, provincial game commissioner.

The open season for pheasant, sharp-tail grouse, rough grouse, Hungarian partridge and spruce partridge will begin Oct. 4 and end Nov. 15. There was no open season last fall on pheasant because blizzards practically wiped out the pheasant population in parts of the province in the spring of 1951.

The season for blue grouse opens Sept. 1 and ends Sept. 30. Mr. Huestis reported the overall upland bird situation is "extremely good." Biggest news for southern Alberta hunters was that they will be allowed to hunt pheasants in any part of the province. Planting programs in the last year had been so successful in restoring the pheasant population that an open season was found in order. Another reason for the open season is that the ratio of cocks to hens is so large as to be harmful to the birds.

The bag limit for pheasant is three birds a day and 18 for the season. The limits for sharp-tail grouse, rough grouse, Hungarian partridge is 10 a day and 50 for the season. The limit for blue grouse is five a day and 25 for the season.

## Regular Meeting Thigh Hill W.I.

The regular meeting of Thigh Hill W.I. was held at the home of Mrs. R. J. Marshall, Thursday, August 14, with 11 members and one visitor present. Roll call was answered with "The Meaning of My Name", and proved most interesting.

Mrs. Fred Gottenberg turned in the sum of \$10 Talent Money. The tea draw was won by Mrs. Tom Houlton, while the contest "Country Fair" arranged by Mrs. Gottenberg, was won by Mrs. R. Todd.

A monologue "A Minister's Grievance" recited by Mrs. Gottenberg was very much enjoyed by all. Mrs. Anne Slinn was welcomed as a new member, and a delicious lunch was served by the hostess assisted by Mrs. A. R. Mainland, Mrs. S. M. Davis and Mrs. Ralph Clark.

There will be no September meeting, and Mrs. Bert Ohler will entertain the October meeting, Thursday, Oct. 9.

## No Room in Elevators

## Storage Space For Wheat Will Likely Be Problem

As harvest-time approaches and the prospect of harvesting the best crop in years draws nearer to realization, the problem of grain storage this fall appears to be serious.

In the immediate Vulcan district there is an estimated 90,000 acres in wheat and 20,000 acres in coarse grains, with yields on all grains expected to be well above average. Present delivery quotas are 5 bushels per seeded acre for wheat and 4 bushels per seeded acre for coarse grains. This means that in order to handle this first quota alone local elevators should have room for over 500,000 bushels of grain.

That they are far short of the required space is shown by the survey conducted by the Advocate which shows that on August 20 there was room in Vulcan elevators for 110,500 bushels. Of this total, about half of the available storage space is accounted for by one elevator, which is just completing the building of a new annex, with the other grain houses reporting room for from 3,000 to 12,000 bushels each.

Much of the space now available will likely be filled by coarse grains on the 4-bushel quota because wheat harvesting becomes general.

The survey shows that Vulcan elevators, which are now full of the low-grade wheat from last year's crop, have only received about 20 railway cars this month. About 230 more cars would be required to make room for the initial quota. The same situation exists, in more or less the same degree, at all other elevator points in the county.

The nine Vulcan elevators have a total storage capacity of 1,302,000 bushels, which means that well over one million bushels of low-grade wheat is in storage here. If normal harvest conditions prevail this fall and high-grade wheat is harvested it is likely that a special effort will be made to provide railway cars for movement of the new wheat to the grain terminals.

The local demand for granary materials and pre-fabricated bins is heavy as farmers realize they may have to store most of their crops on the farm.

## Celebrates 90th Birthday, Ontario

Benjamin Dann of Warwick, Ont., father of Jim Dann and Ben Dann Jr. of Vulcan, celebrated his 90th birthday at his home in Warwick on Aug. 5.

Born at Broughton, England in 1862, Mr. Dann is still clear-minded and able to get around the grounds at his home. On his birthday he was guest of honor at a party given by more than 26 members of his family, held at the home of his son Albert of Warwick, with whom he lives.

A father of four, grandfather of 12, great grandfather of 30 and great great grandfather of one, Mr. Dann vividly remembers arriving in Canada 70 years ago after the death of his father and mother in England.

Ten years later, in 1892, Mr. Dann settled in the Ontario village of Warwick and has resided there ever since. He began his new way of life by farming the land but soon turned to the contracting business. He became a member of the Warwick council in 1920 and deputy reeve in 1922. He was asked to take the reeveship the following year but turned it down in favor of a visit to his native England.

Mr. Dann owned the first car in the Warwick area, 36 years ago when he started a jitney taxi service.

An enthusiastic major league baseball fan, Mr. Dann never misses a game on the radio if his favorite Detroit Tigers are playing.

Mr. Dann's only daughter, Phoebe, lives at Sarnia, Ont.

having had nearly everything they owned in the way of clothes stolen from them and appealing to the Class for help. The members decided to send the Edward's a parcel as soon as possible. A very fine lunch was served at the close. Mrs. E. Loxton assisted her sister in serving. A hearty vote of thanks was given the hostess for her hospitality.

## First Barley Is Delivered

First report of barley being received at a local elevator this fall comes from Mike Miller at the P. & H., who on Tuesday received a load of barley from the Dr. W. W. Almond farm.

The grain graded No. 1 Feed, weighed 51 lbs. per bushel and the yield is reported to be 75 bushels per acre.

## Youngster Run Over By Car

A near fatality occurred Monday morning, when Marion, the three-year-old daughter of Mr. and Mrs. S. M. Davis, district farmers, was run over by the family automobile.

Mrs. Davis had just put the children in the back of the car and, securely fastening the door, got into the front seat beside her husband, who was driving. Mr. Davis started to back the car, hitting a bump, which evidently jarred the rear car door against which Marion was leaning, open. She was thrown out and under the wheel, which passed over her head. Mr. Davis brought the car to an immediate halt, to investigate the "bump" felt when his small daughter had been run over, still unaware of what had happened. Upon seeing wee Marion under the wheels he caught her up and with Mrs. Davis rushed her to the Vulcan hospital, where her condition was said Wednesday morning to be "very hopeful." She has never lost consciousness and, while in some pain, the doctors and nurses have managed to keep her suffering to a minimum.

## Finds Mother After 40 Years

Some 40 years ago a small boy in Russia, was left with his grandparents, who brought him up, while his mother, then recently widowed, came to Canada to make her home. Shortly afterwards mother and son lost touch with each other, and throughout the years neither Mrs. Barbara Woods, who remarried after coming to this country nor her only child, Seno Degenstein, ever heard what became of the other.

Then this summer, Mrs. Guidone of Bow Island, a cousin of Mr. Degenstein who now resides in Vulcan, attended a family funeral and while there learned from other members of the family that her aunt had for some years resided at New Westminster, B.C. Mrs. Guidone immediately contacted Mr. Degenstein with the news and recently he and his wife journeyed to the coast city where he found his long lost mother, now 72 years old.

Again widowed, she was alone, and her son prevailed upon her to return to Vulcan with him and his family.

## "Youth Must Be Challenged"

Mr. E. P. Benoit, Director of Evangelism for the Alberta Bible College, spoke in the Vulcan Church of Christ Friday night, August 15, under the auspices of the Vulcan Christian Men's Club.

During his lecture upon "Today's Youth and Tomorrow's World" he declared that the youth of today must be challenged with great Christian principles if they are to successfully meet the problems of tomorrow's world which have been agitated by the neglect of the present generation to adhere to Divine Council. He said that he believed they would be equal to the task.

This was the third lecture of community wide interest sponsored by the club. In these meetings attendances have ranged up to more than 300 persons.

Mr. A. Ferngren and Ronnie Northcott were business visitors to Calgary the first of the week.

## Wheat Storage

The problem of wheat storage which appears to be facing local farmers this year is not a new problem. We are told that in 1941 and 1942, both good crop years, a similar problem arose and farmers were hard-pressed to find storage space on their farms for wheat the elevators were unable to handle.

Although the storage problem cannot be lightly dismissed, the big question in farmers' minds at present is whether or not this year's harvest will produce good, hard, dry wheat. Last year's unhappy experience of trying to handle tough and damp grain is not an experience that anyone would care to repeat. In normal years the Vulcan area produces top quality wheat, grading No. 1 and No. 2 Northern, and this is the kind of wheat we want this year. Not only is storage of this wheat much easier it is the kind of wheat Canada wants for her export market and the government will be much more anxious to get it to the terminals.

Right now it looks like a good crop of the right kind of wheat may be harvested, but everything depends upon the weather. Good, dry weather for the next six weeks will produce good, dry wheat and we somehow think that the storage problem won't look quite so rough as it does at the present time.

## The Cart Before The Horse

Announcement by the provincial government that new approval and safety stickers will be needed for all motor vehicles operating in Alberta after July 1, is another red herring drawn across the path of highway safety in the province.

For the first time last year, the motor vehicle branch made it obligatory for all vehicles in Alberta to be tested for safety. The test includes a check on brakes, lights, steering windshield wipers and horns, and is meant to ensure that all provincial vehicles are safe for driving on Alberta roads.

As far as it goes, this is a step in the right direction toward ensuring safety on our highways.

But the most important point—the fitness of the driver to be at the wheel of a motor vehicle in this province—is ignored completely.

Results of a very high percentage of the accidents in Alberta are due to human error, human negligence, or human ignorance.

Less than 5 per cent of the accidents which occur daily, are the result of mechanical failure.

Why, then, should the motor vehicle branch so proudly announce tests on mechanical safety, when they continue to ignore similar tests on applicants for drivers' licenses?

Public clamor is rising, and rising steadily, for more safety on our highways. Any one, though, can receive a drivers' license. A man could be deaf, partially blind, and too crippled to drive, but could still receive a drivers' license by incorrectly answering any of the half dozen questions asked before a drivers' license is issued.

A drivers' license should be issued to adults who can drive. If a person does not know the rules of the road; if a person is incapable of driving a car safely; they should not have a driver's license.

It is as simple as that.

When the motor vehicle branch of this province institutes tests for drivers' licenses in Alberta, then they will be starting to work for safety—first on the highways. Right now, they're barely skirting the fringe, with their safety stickers.

—Lacombe Globe.

## Liquor Advertising

One of the most ridiculous regulations about liquor is the way the objective of liquor advertising can't be mentioned in advertisements in this and other provinces. That is to say, a firm producing beer or spirits can't advertise its product, though it may advertise the company which makes the stuff.

Meanwhile we pick up Readers Digest with all sorts of attractive ads pointing out the merits of this or that wine produced in Ontario or beer produced in Quebec or gin imported from England.

It reminds us of the Victorian inhibitions about using the word "leg." The Victorians knew ladies had legs and even walked with legs but it simply was not nice to say "legs." That's the nasty-nice sort of attitude with which we treat liquor here.

—Nanton News.

LOST—Dark Brown Pekingese dog, 12 miles west in Little Bow. Anyone knowing whereabouts of this dog please notify Pete Stokes, Phone 2, Lomond. 2-1c

### CARD OF THANKS

I would like to express my sincere appreciation for all the thoughtful messages given me during my illness, and especially to Dr. and Mrs. Gee, who were most kind.

Sincerely,

1p Mrs. A. W. MacDonald.

### IN MEMORIAM

HOWERTON—In loving memory of Mrs. Anna Howerton, who died August 22, 1943.

"She bade no one a last farewell; She said goodbye to none; The heavenly gate was opened wide,

A loving Voice said 'Come'."

—Ever remembered by the Earl Deal family.

### IN MEMORIAM

HOWERTON—In loving memory of Mother, Mrs. Anna Elizabeth Howerton, who died August 22, 1943.

"Her memory is as dear today, As in the hour she went away." —Ever remembered by Homer Howerton and family. 1c

### IN MEMORIAM

JORDAN—In loving memory of a dear husband and father, George Jordan, who passed away on August 21, 1942.

"Nothing can ever take away The love a heart holds dear; Fond memories linger every day Remembrance keeps him near."

—Ever remembered by his wife and family. 1p

### IN MEMORIAM

MARSHMAN—In loving memory of our dear wife and mother, Hilda Marshman, who passed away, August 20th, 1941.

"Eleven years have passed and still we miss you. Never shall your memory fade. Loving thoughts will always linger Around the grave where Mother is laid. —Ever remembered by your husband Edward, sons William, Harold and Robert and daughter Ruth. 2-1c

## Our Big Fat Dollar

(Montreal Star)

There is a good deal more to the premium of the Canadian dollar in American funds than the rage of tourists who find their good money at a discount and the problem of hotel and shopkeepers who have to face irate customers. The rate represents the sum total of all transactions across the Canadian-American border. Of these tourists expenditures are only a small part.

The existing premium which on Monday touched five per cent is the result of the total demand for Canadian dollars by Americans, set

## With The District Agriculturist

### Wild Oats Infestation Growing

The wild oats infestation has increased by leaps and bounds during the past few years. Wild oats are usually not a problem here, but with the advent of higher than normal precipitation making conditions for their growth and development favorable, they are probably costing the farmers of the district more than any other weed they have to deal with. It has been proven by many years of practical experience that wild oats can be controlled.

The wild oats possess several characteristics which make them difficult to control, these may be briefly listed as follows:

1. Delayed germination or dormancy of seeds.
2. Necessity for "after-ripening" of seed.
3. Low temperature requirements for germination.
4. A small piece of a seedling wild oat may grow.
5. Wild oats ripen and shatter early.
6. Wild oats cut when immature will produce seeds that have the ability to germinate.
7. Wild oat seeds will remain viable for several years in land seeded to grasses and legumes.

It is because of the above listed reasons that apparently sound methods of cultivation and soil management often fail to control wild oats.

The control methods which have given some degree of control are: 1) delayed seeding, fertilization and post seeding cultivation; 2) the use of fall rye or winter wheat in this district, fall rye would be preferable due to its superior winter hardiness; 3) mixed farming rotations that include grass and legume crops; 4) the use of green feed crops.

Of the controls listed, there are three that should prove worthwhile here and they are, the use of fall seeded crops, seeding Olli barley about the end of the first week in June at slightly heavier rate than usual with a fertilizer; then using the rod weeder when the barley has developed sprouts about a half-inch long. I might say from experience that this method has proved very successful in other districts. The use of a green feed crop can be very successful, providing the crop is cut early enough to prevent any of the wild oats from producing seeds that will grow.

So many and various are the transactions involved that it would be difficult to put one's finger on the precise factor that is making the Canadian dollar temporarily so high. Tourist expenditures are probably about the same as usual. So is the volume of commercial transactions. It seems likely that the premium has been increased by the continued flood of American capital into Canada for investment.

Perhaps too, it has been affected by the effects of the steel strike. These latter would be hard to assess. But it may be that a certain number of buyers who ordinarily purchase in the United States are now temporarily turning to Canada because of the strike. If this speculation is right, the strength will be temporary. In any event, a premium of five per cent is big enough to change a very large volume of transactions.

When Canadians can buy in the United States five per cent cheaper than they can buy here, the barrier of tariffs is not as effective as it normally is. Similarly, when Americans have to pay five per cent more for Canadian goods, they will try to find other sources of supply. The existing situation therefore stimulates imports and retards exports. This process in itself helps to restore the former balance of accounts, and down our dollar will come.

Meanwhile there seems no very good reason why Canadians catering to the tourist business should not charge the going premiums. Certainly, over the long periods when the Canadian dollar was at a discount in the United States, it was a rare event to find our money being accepted at par. If, for the sake of good will, a business man deems it advisable to take a five per cent cut on his profits, that is his business, but it seems like a pretty substantial cut to take. The one thing he should not do is to run to the government to ask that central banking procedures should be invoked to bring parity back. Let the open market take its course.

## Laying a Good Swath

The harvesting experience of the last two seasons has impressed very forcibly on the farmers of western Canada the need for laying a good swath.

If the swath is properly laid it dries out quickly, is better able to stand long periods of wet weather without damage from sprouting or shrivelling, and is able if necessary to lay out over winter with only light losses.

A good swath is one which, says E. K. Bowren of the Experimental Station, Melfort, Sask., lies close and compact with the heads hour.

Care should be taken that the swath is laid on standing stubble and not dropped in a wheel track or on bare ground. Tramping of the swath in turning on the corners should be avoided. Once the swath has been laid it should not be disturbed unless absolutely necessary until it can be combined.

Swathing of the crop should be treated as one of the most important farm operations because operated properly, but some may need slight adjustments. Adjustments in the construction of the swather may be necessary to get duced.

## Announcement

I have taken over operation of the

## White Rose Service Station

and invite the patronage of both old and new customers.

Reg Walker

**Greater Economy - Less Wear**

**WHEN YOU LUBRICATE WITH**

# MARFAK

**IT STICKS TO THE JOB - UNDER THE TOUGHEST WORKING CONDITIONS**

Texaco Marfak protects bearings and wear points when the going is tough. It ensures many more safe hours of safe operation between lubrications. That's because Marfak won't pound out or squeeze out, won't wash or jar off and it seals out grit and dirt.

You'll get smoother, more dependable, more economical performance from all your farm machinery when you lubricate with Marfak—the tough chassis lubricant that stays on the job.

## District News

(Held Over from Last Week)

### BERRYWATER

Mr. and Mrs. Bud Freeman and daughter and Chester Wickstrom, all of Calgary were weekend guests at the Chester Wickstrom home.

Mr. and Mrs. Donald Smith and Russel have returned from a trip to Vancouver and the U.S.

H. C. Douglass and N. K. Budd were business visitors to Lethbridge the latter part of the week.

Mrs. Victoria Swedo and Mr. and Mrs. Charles Kamler and family of Kansas City, Kansas, were recent visitors at the home of Mr. and Mrs. Leonard Jones.

Some 12 children of the district attended the sixth birthday party of Warren Weber at the home of his parents, Mr. and Mrs. Clifford Weber, recently.

Mr. and Mrs. C. Ditto of Hinton, B.C. were recent guests at the L. Palmer home enroute to Cayley, where they have taken up residence.

Earl Mote of Ensign spent a holiday recently as the guest of Lorne Healy, Jr.

The infant daughter of Mr. and Mrs. Allan Sinclair, Rhonda Elizabeth was christened last Sunday, at the United Church in Vulcan.

Mr. and Mrs. Kenneth McLean and family were Calgary visitors on Monday.

Mr. and Mrs. W. Oldfield attended the F.U.A. picnic and church service at the Arrowwood bridge on Sunday.

Mr. W. Durst of Calgary spent a few days last week at the W. Oldfield home.

Jim Smith of Calgary visited at the home of Mr. and Mrs. Frank Love on Monday.

Mr. and Mrs. W. Oldfield attended the F.U.A. picnic and church service at the Arrowwood bridge on Sunday.

Mr. W. Durst of Calgary spent a few days last week at the W. Oldfield home.

Jim Smith of Calgary visited at the home of Mr. and Mrs. Frank Love on Monday.

Mr. and Mrs. W. Oldfield attended the F.U.A. picnic and church service at the Arrowwood bridge on Sunday.

Mr. W. Durst of Calgary spent a few days last week at the W. Oldfield home.

Jim Smith of Calgary visited at the home of Mr. and Mrs. Frank Love on Monday.

Mr. and Mrs. W. Oldfield attended the F.U.A. picnic and church service at the Arrowwood bridge on Sunday.

Mr. W. Durst of Calgary spent a few days last week at the W. Oldfield home.

Jim Smith of Calgary visited at the home of Mr. and Mrs. Frank Love on Monday.

Mr. and Mrs. W. Oldfield attended the F.U.A. picnic and church service at the Arrowwood bridge on Sunday.

were about 150 people in attendance and all had a very enjoyable time. People attended from Vulcan, Gleichen, High River and Shouldice and a large representation from Arrowwood.

Mrs. Ramfo, Lloydminster is visiting with her daughter Mrs. Curtis for a few days.

Mr. and Mrs. H. Ingram and Carol have returned from their holiday in Winnipeg.

Miss Melva Beckner has joined the bank staff here. She is working in the ledger department.

Mr. and Mrs. Gene Burrias and family have returned home from California.

Mr. and Mrs. Harry Violini and family spent Sunday visiting with Mr. and Mrs. Neal Dumka.

Mr. and Mrs. R. DeBois of California and three children spent a few days visiting with Mr. and Mrs. McDaniel. While here they showed pictures at the church and presented musical pieces at the service on the trombone, musical saw and piano.

The community was sorry to lose of its old time residents in the passing of Mrs. Mary Jane House (Wiggins) on August 5th at Kamloops, B.C. Mrs. House had fallen and broken her hip while away on holiday there and had been hospitalized there for some time.

She was born in Christian County, Missouri in 1877 and married in Fayette County in Iowa in 1895. They moved to the High River district in 1905 where they lived until moving to Arrowwood in 1907. Later they moved to Gleichen in 1923 where they lived for 10 years until moving back to the farm at Arrowwood. In 1947, Mr. House retired and they purchased a house in Arrowwood.

Mrs. House is survived by her husband Glen, 3 sons, Clyde, Reno, Forrest, all of Arrowwood, 2 daughters, Mrs. John Olson, Okotoks, Mrs. Telford, Vancouver, B. C. There are 13 grandchildren and 14 great grandchildren.

Rev. Peter Dawson conducted the service from the Church of the Brethren in Arrowwood. Mr. J. Miller, Mr. A. Ingraham, Mr. J. Messinger and Mrs. Frank McInley were honorary pallbearers. Active pallbearers were B. Ingraham, R. E. Hill, T. S. Board, T. Barr, W. Steiner and Geo. Leith.

The remains were taken to Calgary for cremation and floral tributes were given to the Eventide Home in Gleichen.

Mr. and Mrs. H. Borschers and Mr. and Mrs. L. Jacobson and family of Enchant spent the weekend at Geo. Heather's. On Sunday accompanied by Mr. and Mrs. Le-cuyer of Queenstown, they spent the day fishing and picnicing at Carseland.

Mr. and Mrs. Wm. Francis had as dinner guests on Sunday Mr. and Mrs. A. Clemmons and Ray, Mr. and Mrs. L. Clemmons, Skipper and Ronnie of Queenstown and Mr. and Mrs. M. Clemmons and Bert.

Supper guests of Mrs. Mabel Hagg on Sunday were Mr. and Mrs. H. Fuller and family.

Donald Avery is at present having a vacation at the home of his uncle and aunt, Mr. and Mrs. H. Fuller.

Mrs. Prentice has returned home after spending six weeks in Eastern Canada and the States.

Mr. and Mrs. Alf Heather spent the weekend at Great Falls, Mont.

Mr. and Mrs. G. Vooy were visitors to Lomond on Sunday at the home of the latter's parents, Mr. and Mrs. Ost Sr.

Mr. and Mrs. Leslie Greaves had Mr. and Mrs. Ernie Heather and Jimmie for supper last Sunday.

Mr. and Mrs. Marvin Lohse of Seattle, Wash., have been guests of the latter's parents, Mr. and Mrs. Alvin Godkin.

Mrs. Sutherland entertained Mrs. Lohse of Seattle, Wash., Mrs. Gordon Lothian and Mrs. Alvin Godkin at afternoon tea last week.

Beatrice Klemme accompanied her brother-in-law and sister, Mr. and Mrs. Paul Ost Jr., to Cardston where she will visit with her sister and brothers.

Mr. and Mrs. M. Willard and Mr. and Mrs. Jim Dew were guests on Sunday at the home of Mr. and Mrs. Bennett Dew.

A number of voters from Majorville won't be able to do much complaining for a while as they did not cast a ballot in the provincial election. Of the 67 eligible voters 49 cast ballots, 35 for Dawson and 13 for Morrison. The one vote for Smith was marked X so was a spoiled ballot. A few were on vacation, others didn't think it would make much difference if they did vote, and so it goes.

The heavy electric storm of Wednesday brought a halt to farming operations although only .60 rainfall was reported. Some small hail fell but no damage is expected. Haying is nearing completion and some swathing will be commenced next week. Visitors from various places say the crops around here are the best seen.

considerable damage will ensue. Dr. C. H. Goulden, the Dominion Cerealist, made a statement on July 2nd, that the Dominion Cereal Breeding Laboratory at Winnipeg have developed a new wheat that is resistant to 15B and which will be ready for distribution for commercial purposes in the spring of 1954.

Dr. E. C. Stakman, eminent U. S. A. Plant Pathologist, draws attention to the re-appearance in the States of Race 11, which can damage, if it spreads, some of the new hybrids now being developed to resist 15B.

## KNOW ABOUT POLIO!

### Maintain Standards of Sanitation

- Wash Dishes thoroughly.
- Wash Fruits and Vegetables.
- Cover Garbage and Waste materials.
- Control Sewage—Outdoor Toilets should be dusted daily with Chloride of Lime or Ashes.

- Polio is a communicable disease—avoid crowds, restrict children to small neighborhood groups.
- A tired child is more susceptible to the disease and if the disease develops, a greater degree of paralysis is likely to follow.
- Swimming is dangerous because it causes fatigue and is chilling.
- Watch your personal hygiene—be sure to wash your hands before eating and after using the toilet.
- Where the disease is prevalent, avoid the removal of tonsils, adenoids and teeth.
- Mild cases are best cared for at home—a trip to hospital causes fatigue and may be dangerous.

**Over 80 per cent of Cases Recover Completely**

**In mild cases, best results are obtained in bed at home**

**FAR EAST BOUND:** To the Canadian Pacific Steamships' 10,000 ton cargo vessel Maplecove goes the honor of being the first company ship to return to Pacific service since World War II. The ship which sailed from Montreal recently, is headed for Vancouver, where she will take on the balance of her cargo. The route for the new service will be between

Tacoma, Seattle, Vancouver, Yokohama, Kobe, Manila, Cebu, Hong Kong and Nagoya, and late in September the Maplecove will be joined by her sister ship Mapledell to offer a monthly service between these ports. Formerly the Beaverdell and Beaverdell, both these vessels were on regular C.P.S. Atlantic service before the changeover. Lower right shows

Maplecove's skipper Captain R. A. Leicester of Vancouver, in the chartroom of his ship, studying the route the vessel will sail, while lower left shows a cargo sling with a load of Canadian produce bound for Yokohama, Japan being loaded on the ship at Montreal. All-Canadian crews will staff the two ships.

## District News

### MILO

One of nature's unpredictable phenomena occurred this summer when lightning struck the home of Mr. and Mrs. Art Peterson a few miles west of Milo. The house is a two story building with two rooms downstairs. The whole family consisting of six children and the mother and father were in one room, the father lying on the bed playing with the baby. The bolt of lightning entered through the aerial wire and went into the metal bed, running its width and burning a hole in the floor when it finally grounded. All the windows on the one side of the house were broken and the whole room was filled with acrid fumes and flying glass. Some of the family were slightly stunned for a second but of all the miracles no one was seriously hurt. Nor did the house catch on fire which by all the rules certainly should have happened. However it is an experience that none of them will soon forget.

A gentle refreshing rain fell on the district last Friday. In spite of all the moisture that we have had this year, the ground is dry now and the trees and gardens will certainly look more chipper. It may even help some of the late crops to fill and the grain to have a better weight.

A new addition of a porch is being made to the teacherage, brought in from Queenstown for the school principal's residence. Repairs inside are being made so that it will be a cozy home for the coming year.

Mrs. Aman of Cluny was over spending a few days at the home of Mrs. Jessie Umschied while her sister Mrs. Bob Hughes was here.

Mr. and Mrs. Hughes, accompanied by their son Arlie, are spending some time at the home of their daughter Mrs. Alf Heather. Mr. and Mrs. Hughes home-stayed in the Armada district and lived there for a number of years before moving to Chicago where they now reside. Arlie Hughes left with his parents when he was only six years old so it is all very new to him. He is at present working as a therapy doctor in a large Milwaukee hospital.

Miss Betty Chambers accompanied the Hughes family on the last part of their trip from Conrad, Montana where she lives. To Milo. LeRoy Hostettler and Jimmy Fleming visited at their respective homes for a few days last week. They are in the employ of the Thode construction company and are moving to Lloydminster from Drumheller where they are at the present time.

Miss Kathleen Osler and Ken Twaites of Vancouver, B.C. are at present visiting the former's sister, Mrs. Harold Northcott of Milo

Mr. and Mrs. Bob Umschied and Mr. and Mrs. Tom Beckner spent the weekend at Stavelly visiting at the home of Mr. and Mrs. Eddie Beegan. Mr. Beegan is a former manager of the old Co-Op Store in Milo.

Master Clifford Beckner spent some of his summer holidays visiting at the home of Ward Willard.

Harvesting is almost in full swing in the district now with most if not all of the barley sown and some of the wheat. Operations have even started to pick up barley and the wheat planted on stubble ground will not be far behind.

Mr. and Mrs. Ole Willard were in Calgary last week visiting the latter's mother who has been very ill. Mrs. Carruthers is reported to be progressing very nicely now. Mrs. Lawrence Phillips has been in Calgary for several days to be with her mother, Mrs. Pete Soli who has been very seriously ill. She is improving now and Mrs. Phillips is home again.

Quite a bit of road work has been done in this district this summer and several new roads have been built. A good rain is needed on them though before they will be very good as they are extremely dusty.

Mr. and Mrs. Earl Jones have just returned from a motor trip to the States where they visited their daughter. They were accompanied by Johnny Stumpf on part of their trip.

Gladys Shield and Eileen Granlin took a short trip to Lethbridge last week.

Marj Hellevang and her daughters have gone to Acme to spend the rest of the summer holidays with the former's mother, Mrs. Carmen. They do not plan to be back until school starts.

Master Harvey Russel of Olds has been spending some time with his uncle Huldor Thompson of Milo.

Gladys Bittorf, Brian and Donna are in Vulcan spending some time with the former's mother.

Mrs. Frieda Prentice had all her family together on Sunday when Mr. and Mrs. Jack Hunter of Ensign joined the rest of the family who live at Milo for a day at home.

Mr. and Mrs. Ray Gerding had what started out to be a chicken dinner party for Huldor and Helen Thompson on Thursday. However, during the course of the evening a number of people of the community called in for a house warming party to welcome the newcomers to the district.

The Gee family also has company as a cousin, Jerry Wall is staying with them.

Mrs. Lil Peterson took the Explorer girls to the lake for a week or so last week. Of course they

enjoyed themselves thoroughly as they were meant to.

Mrs. Mabel Monner has been spending some time with her parents, Mr. and Mrs. Peterson. A family reunion was held on Sunday in honor of the 50th wedding anniversary of Mr. and Mrs. Peterson which is this fall. All of the family was together for the first time in several years.

Erie and Edna Shore of Calgary were weekend visitors at the home of Mr. and Mrs. Took Beckner.

### MOSSLEIGH

Blind Creek-Mossleigh W.A.

The Blind Creek-Mossleigh W.A. held their monthly meeting on August 14 in the church with a good attendance in spite of the sudden cool weather. Mrs. Hohn was absent, so Mrs. S. Leslie acted as secretary. (The secretary read a report from the Cancer headquarters, complimenting us on our good work during the drive. A fowl supper is up for discussion. Mrs. V. Robinson gave the devotional.

Olive Hurl and Joan Leslie gave a report on their trip to Olds as efficiency winners. Olive was fortunate in winning the Wheat Pool scholarship award.

The September meeting will be held at the home of Mrs. Hagedorn. Roll call will be "Say, Sing or Pay."

After an interesting program conducted by Mrs. Mace, lunch was served by Mrs. Grainger, Mrs. Green and Mrs. Hay.

W. Hagedorn has returned home after spending a week in the hospital being treated for burns on his feet, his only injury when fighting the fire that nearly took his house on Aug. 4. The Mossleigh Go-Getters are now busy helping Mrs. Hagedorn clean the house.

Victor Gateman spent a few days in the Vulcan hospital recovering from injuries received in a fall from a tree.

Mr. and Mrs. W. Campbell and family returned home last week from a holiday at Waterton Lakes and other southern points.

Mrs. Fred McColman and son Norman of Calmar were district visitors last week.

Mr. and Mrs. Flick's niece from Manitoba has been visiting in Mossleigh.

S. Lund from Sylvan Lake has been visiting at the home of his sister, Mrs. E. Campbell of Vulcan and other relatives in the Mossleigh district.

H. Hutton has purchased Mrs. Strong's boarding house and has turned it into a very modern coffee shop and is now open for business.

The road crew are back to work again, working on highway 24 east of Mossleigh.

The Girl's Garden Club are holding their Achievement Day, on Aug. 28 in the Mossleigh church.

## LAST CALL before Harvest Operations

- 2 only—New 15 ft. Hydraulic Lift Swathers
- 1—12 ft. Used Case Swather, in good shape
- 1—10 ft. M.H. Pull Type Combine with motor, ready to go to work.
- 2—M.H. 21 S.P. Combines, motors overhauled last fall.
- 1—No. 1 M.H. P.T.O. Combine in good shape
- G4—M.M. Combine, with pick-up

## Need a Second Tractor

for field work? We have the following—

- 1—Used Ferguson
- 1—Used Massey Harris 102
- 1—Used W30
- 1—Used Massey Harris 25

The above tractors are in good working condition and rubber tires are exceptionally good

## Used Trucks

- 1 1938 L.H.C. ½ ton
- 1—1940 G.M.C. ½ ton

These trucks are good for chore-boys in the field and are cheap

DO YOU NEED ANY

### FORT BARLEY

A new barley named FORT has been licensed for Eastern Canada. Prairie farmers are strongly urged not to grow this variety for it has no merit for Western Canada, and besides it would lower the quality of our malting barleys and so impair their sale and reduce their malting premium.

—Phone 36—

## Carmangay

Dr. and Mrs. Woodcock of Lethbridge and Miss Amy Pound of Lewistown, Mont., were Sunday visitors at the home of Mr. and Mrs. Alf Wynn.

Mr. and Mrs. D. H. Russell have as guests at their home recently Mr. and Mrs. Bill Downing of Fort McLeod, and Mr. and Mrs. Roy Downing of Edmonton.

Mr. and Mrs. Ronnie Morgan of Long Beach are visitors at the Walt Neilson's home.

Mr. and Mrs. Yoemans, formerly of Brant have now taken up residence in the parsonage. Mr. Yoemans will be the new school principal. Welcome to Carmangay.

Mr. and Mrs. Burtla Burke and Mr. and Mrs. Lloyd Green spent last weekend in various points in Montana.

Mr. and Mrs. Delyle Sorensen and family of Rosemary were weekend guests at the home of Mr. and Mrs. Paul Plourd.

Mr. and Mrs. Clarence Norgard and Mr. and Mrs. Harvey Bowman and families were weekend visitors at Huxley renewing old acquaintances.

Bob and Roy Leonard have been visitors at the respective homes of the John McFarland's and Ted Ronny's.

Mrs. C. E. Leonard of Los Angeles, Calif., was a recent visitor at the home of Mr. and Mrs. Ted Ronny. Mrs. Leonard is Mat Leonard's mother and is 87 years young. While in Carmangay she suffered a stroke, and Mr. and Mrs. Ralph Leonard took her

back to Hood River, where she will stay with a daughter-in-law.

The country side around here seems to be a beehive of activity with the many new combines leaving town to take up their important jobs in the fields that are now ready for harvesting. Swathing of wheat seems to be fairly general, but there are still a few fields that have not started to show too much progress toward ripening.

### Ladies' Altar Society

The monthly meeting of the Altar Society was held at the home of Mrs. Buelah Hubka, August 12, with a good attendance and one visitor.

The minutes of the last meeting were read and approved. All the quilt blocks were handed in by those that were present, and Mrs. J. Minty donated a piece of material to complete the top of the quilt. A decision was made on the size of the blocks that would be used on the Rainbow Star Quilt and many odd blocks were cut during the afternoon.

Mrs. Rosela Hubka brought the pictures that were taken at the Communion Breakfast, which turned out very good. It was decided that a picture would be made for Father Lebel.

The meeting was brought to a close with a tasty lunch being served by the hostess Mrs. B. Hubka. The raffle was won by the visitor, Mrs. J. Bach. The next meeting will be held at Mrs. M. West.

### "Fort" A Dangerous New Barley

Sometime ago an intense controversy arose in Canada about the licensing of a new barley variety named "FORT". Eastern farmers desired Fort and Western farm organizations were strongly opposed to it. Fort finally was licensed because it has proved to be a good feed barley for the farmers of Eastern Canada. It is a dangerous barley to use in the West, for the reason that its malting value is low, and because it cannot be distinguished in the kernel from good malting varieties—Montcalm and O.A.C. 21.

Canadian maltsters, and American maltsters, to whom we sell considerable quantities of malting barley, are frightened that if Fort is grown in the West it would become mixed with good malting varieties and so would oblige the maltsters to seek their supplies elsewhere than in Western Canada. Fort, moreover, is not as high yielding even as a feed barley in Western Canada as Vantage and several other varieties.

Prairie farmers, therefore, should in no circumstances sow Fort barley. An agreement has been made by which no Foundation Stock of Fort, to make into Registered, will be distributed in the West, which certainly should assist in avoiding the spread of this dangerous barley in Western Canada.

### Farm Tractor Tune-up

The term "tune-up" is often used loosely to mean anything from an overhaul to a minor adjustment resulting in a haphazard and incomplete tune-up. Just as a chain is on stronger than its weakest link, so a tractor is on more reliable than its least reliable part;

therefore, a tune-up should cover the whole unit. Following a schedule is one of the best ways of assuring that a tune up is complete, because when an operator follows a schedule he can cover the whole unit without omitting any important points.

The following is a proposed tune-up schedule for a farm tractor, suggested by F. W. Bigsby, Experimental Station, Swift Current, Sask. With few exceptions the checks can be made in a farm workshop using the operator's manual for a guide.

1. Ignition System—Check the timing magneto, or distributor, wiring and spark plugs.
2. Fuel System—Check the carburetor, fuel pump, fuel lines, sediment bowl, and fuel tank.
3. Cooling System—Check the radiator, hoses, fan and water pump.

4. Starting and Lighting System—Check the generator, starter, battery and wiring.
5. Engine—Check the valve clearance and compression, clear off muck and grease.

6. Chassis—Check wheel bearings, steering. Check tires for pressure, fluid level, cuts and cracks. A general check for oil leaks, loose bolts and worn parts.

When a tractor has had a check over of the sort outlined above, the operator will be assured that the unit will operate as effectively as possible. In addition, he will have a good idea of the tractor's general condition.

Periodic tune-ups will pay for themselves by increasing a tractor's economy and by helping to avoid costly repairs caused by failure to correct faults in time. Savings in the operating costs of the tractor are not the only ones realized from tune-ups. Crop loss caused by breakdown in busy seasons are reduced when the tractor is always in tip top shape.

### U.N. Spurs Drive Against Desert Locust

Since Biblical times, the farmers of the Middle East have considered the desert locust a sort of "Public Enemy No. 1." This situation has not changed much, but now, for the first time in history a number of nations are joining forces with the Food and Agriculture Organization of the United Nations (FAO), to combat the plague. Above, entomologists of the USA and Pakistan examine dead locusts on a desert of Pakistan. Through its expanded program of technical assistance FAO is offering material aid in combatting the plague.

### SERVICE BOARD NOTES

#### TREEPLANTING

There are three types of tree planting in which we are interested in this part of Alberta, namely field shelterbelts, farmstead planting and roadside planting, the one which I will discuss in this article.

It is estimated that by planting permanent snow fences the cost and trouble of keeping roads clear of snow in the winter would be reduced by at least 50 per cent. A start could be made in a small way and extended in later years when the benefits of these early plantings were realized. One hundred feet back from the fence line is suggested as about the right distance for a row of shrubs such as caragana with a cultivated strip on both sides for early cultivation. Trees may be obtained from Indian Head, Sask., provided the order is received one year prior to planting and the land has been summerfallowed for one year.

Broadleaf trees such as Caragana, Ash, Elm and Manitoba Maple are available in unlimited quantities. They are free and sent express collect. Evergreens cost 1c per tree and an applicant is limited to 200 trees in one year. The application for trees must be received before January 31st of the year you intend to plant. If enough orders are procured, we may be able to have a tree planting machine from the Department of Agriculture which makes short work of the actual planting.

Twelve ladies gathered at the home of Mrs. Emily Fraser on Wednesday afternoon August 20, in honor of Mrs. Gladys Smith, who leaves shortly to make her home in Calgary. Mrs. Smith was presented with cups and saucers by Mrs. Allen McLean on behalf of the ladies, and a delicious lunch was served by the hostess.

The Amity Club met at the

### With The District Agriculturist

Hugh Michael

#### Take All Root Rot Found In Wheat Fields

The root-rot known as take-all has been found in wheat fields of the Vulcan, Champion, Granum and Staveland districts. A few plants infected with take-all may be observed in almost any field of wheat in southern Alberta this year. However, take-all is not usually a serious disease. This year, several heavy infestations have been observed, the damage running from 10 to 50 per cent. This would tend to point out that take-all is something to be considered when planning our farming operations.

Take-all is principally a disease of wheat, and is of chief importance in the park or semi-wooded areas of the Prairie Provinces. In this country it rarely attacks barley and rye and has not been found attacking oats.

Description: This disease is definitely of fungous origin. It is most prominent when the plants are from 8 to 10 inches high. Take-all is characterized by a yellowing of the leaves. Affected plants are stunted, develop few tillers, and ripen prematurely. The heads when formed, are severely bleached (white-heads), and contain only a few, if any, kernels. There is always a distinct blackening and rotting of the roots, crowns and stem bases, and the plants are easily pulled from the soil. On new land, the disease appears in rather large patches; while on older land, affected plants may be scattered throughout the field. The fungus responsible for take-all is not carried by the seed, but lives over winter in cereal stubble and in the roots of cultivated and wild grasses.

### KIRKCALDY

A. J. Maisey is visiting this week at Edmonton.  
Mr. and Mrs. W. G. Brinton and family spent the weekend at Cayley attending a picnic at the E. P. Ranch on Sunday. Earl returned home with them after holidaying at Cayley and Turner Valley for two weeks.

Visitors at the home of Mr. and Mrs. A. W. Maisey last week were Mr. and Mrs. Leslie Welton, uncle and aunt of Mrs. Maisey, also Mrs. June Welton and three sons, all of Garwin, Iowa. They were enroute to Grande Prairie.

Mr. and Mrs. Otto Hagg spent four days at Banff last week.  
Mr. and Mrs. Calvin Hollister and Betty were recent visitors at Great Falls, Mont.

Visitors at the Spencer Lewis home during last week were Mrs. Simons of Saskatoon, Miss Hazel Rowe, Mr. Russell and Robert Ware all of Calgary. Mrs. Thomas returned to Calgary with the latter for a visit in the city.

Miss Dorothy Kurtz of Lethbridge has been visiting her parents recently.

Mr. and Mrs. A. W. Maisey and Darrel accompanied by Mr. and Mrs. H. A. LaRoche of Vulcan were Lethbridge visitors on Saturday.

Mr. and Mrs. Donald MacKay and nephew David motored to Maple Creek, Sask. on Sunday returning home the same day. David met his parents there, returning to his home at Findlater, Sask. with them.

Mr. and Mrs. Lorne Maisey of Herrington were Sunday visitors at the home of Mr. and Mrs. A. W. Maisey.

### LOMOND

Mrs. Guido Zambaldi spent last week in Lethbridge visiting her family and friends.

Due to polio the shows in Lomond have been closed to children under 16 years of age until further notice.

The Misses Marvina Stokes and Gail Kunkle of Armada recently spent a week in Lomond, guests of Mr. and Mrs. Pete Stokes.

Heavy showers Thursday evening made the roads into Lomond very slippery. Several cars were in the ditch and some people were unable to get home at all that night. Crops are looking fine in the district and if the weather clears up and turns warm again, swathing should be well underway by the end of two weeks.

Harry Muir of Regina was a recent visitor at the home of his sister and brother-in-law, Mr. and Mrs. Stan Cherkas. Mr. Muir is in training for the R.C.M.P. in Regina.

Mr. and Mrs. Stan Cherkas and family were recent visitors in Lethbridge.

Reg Frost and Ed Rainey were business visitors in Calgary on Monday.

Mrs. Norman McIvor and two sons of Calgary are guests of Mrs. McIvor's parent's, Mr. and Mrs. Oscar Hoffman.

A very enjoyable time was had by the large crowd attending the picnic put on by the Baseball club on Sunday, Aug. 17. The picnic was held at the home of Mr. and Mrs. Gordon Root.

Mr. and Mrs. Henry Huff are now the proud owners of a new Pontiac.

### MAJORVILLE

Family reunions are becoming as popular in summer as cards at Christmas. The latest one of local interest was the Francis family who arranged a picnic in High River picnic grounds. Members of the family from this community were Mr. and Mrs. Wm. Francis and Lee accompanied by Bert Clemmons, Mr. and Mrs. Bill (Estella Francis) Klemme and family and Mr. and Mrs. Paul (Margaret Klemme) Ost of Lomond. Several other members were unable to attend as was the mother of Mrs. Margaret Francis of Kelowna, B. C. She celebrated her 78th birthday on Aug. 11.

Lyle Greaves, young son of Mr. and Mrs. Lewis Greaves was confined to Bassano Isolation Hospital for a few days as being suspected of having Polio. We are very happy to report Lyle was discharged after examinations proved the sickness was not polio.

Guests on Sunday at the home of Mr. and Mrs. M. Clemmons were Mr. and Mrs. A. Clemmons and Ray, Mr. and Mrs. L. Clemmons and family of Queenstown and Mr. and Mrs. Don Clemmons and Brenda of Calgary.

Clarence Rayburn of Wishram, Wash. is at present vacationing with his cousin Ray and Mrs. Wellman.

Beatrice Klemme accompanied her brother-in-law and sister, Mr. and Mrs. Ost of Lomond to Cardston to visit other members of the family.

Mrs. Watwood and her house guests Mrs. McCabe and Bill of

Toronto and Mrs. A. Osler were visitors at Wellman's last week.

Mrs. Freda Prentice is home again after six weeks spent in visiting Eastern Canada and Wisconsin, U.S.A.

Mrs. R. Mills spent last week in Calgary.

### EASTWAY

Mrs. Shirley Hill and children have returned home from Lethbridge.

The Heilevang family enjoyed a picnic at Wyndham Park on Aug. 10.

The sympathy of the district is extended to the family of Mrs. Glen House, who passed away recently.

Mr. and Mrs. Joe Marshall have returned from Revelstoke.

Mrs. Joan Laycraft is convalescing at home after a week in the Vulcan hospital.

Sharon Hill of Coleman spent a few days at the R. N. Hill home.

Mrs. Teresa McColeman and children are spending several weeks at the Vic Earl home.

Mrs. Sydney Cockwill Jr. was hostess to the Ladies' Club on Thursday. The secretary had quite a number of remnants of cloth from Eaton's and Simpson's to make up for the bazaar. It was decided to make a quilt for the annual bazaar and chicken supper usually held at the end of October. Those who can will meet at the home of Mrs. Clara Tharlie on Aug. 21 to work on a top for the quilt. A large number of ladies answered the roll call by telling of an embarrassing moment. The next meeting will be held at the Union Jack hall. Mrs. Ethel Grondin will be the hostess. The raffle was won by Clara Tharlie, while Mrs. Baldwin won the game. After singing, the meeting adjourned.

A delicious lunch followed, served by the hostess assisted by Mrs. Eunice Cockwill and Mrs. Bertie Oldfield.

Mr. and Mrs. Martin McInenly and family spent a week visiting with her parents, Mr. and Mrs. V. Skappak of Acadia Valley.

Miss Lizzie Mitchell of Calgary is visiting at the R. Mitchell home.

Mr. and Mrs. Ford Fisher and family of Lethbridge spent Sunday at the home of Mr. and Mrs. R. Mitchell.

R. Mitchell accompanied his son-in-law, Ford Fisher to Frank for a fishing trip this week.

Mrs. Elizabeth Johnson of Vancouver is spending a few days with Mrs. R. Mitchell this week.

Mr. and Mrs. J. B. Morris of Ingersoll, Ont. visited overnight at the Ivo Love home. Mrs. Morris was the former Helen Nagle, who resided in the Vulcan district as a child.

Selma Tangen returned home early this week after spending a few days in the Vulcan hospital with quinsy.

Mr. and Mrs. Jack Phillips are extended congratulations on the birth of a son.

Walter Tangen received word that he passed the eight subjects in Grade 12 which he studied last year. He studied six subjects under Mr. Lindberg in Mossleigh and two by correspondence course.

Mr. and Mrs. Joe Sutor and Mrs. Bernard visited Mr. and Mrs. Floyd Mark and family of Mossleigh on Sunday.

Mrs. McMullen and Dorothy Noble of Okotoks were district visitors one day last week.

While Gordon Laycraft was in Calgary last Thursday a truck bumped his car and he had to leave it in a garage for repairs and return home by bus.

Mrs. McInenly of Calgary accompanied by her grand-daughter of Nanaimo, B.C., spending a week with her son and daughter-in-law, Mr. and Mrs. W. Holton.

Recent Calgary visitors included Mrs. Johnson and Sivert, Mr. and Mrs. R. N. Hill, Mr. and Mrs. W. McMullen and daughter and Mr. and Mrs. Gordon Laycraft and Jackie.

Swathing of barley started Aug. 1 and some wheat is now being swathed.

Some farmers are discovering patches of sow thistle, a noxious weed new to this district.

### ARROWWOOD

Mr. and Mrs. Roscoe Shatto, Calgary spent last Sunday in Arrowwood visiting with their friends and former neighbors.

Mr. and Mrs. C. Setters and family spent last Sunday visiting with Mr. and Mrs. Bert Setters.

Saturday, August 16 the United Church group held another cementing bee when they all got together and poured the cement basement floor and sidewalks around the new church.

Mr. and Mrs. Eric Nicholson, Edmonton, spent the weekend with Mr. and Mrs. Cliff Curtis.

Mr. and Mrs. Board are vacationing in Banff this week. Freda Setters is running the store in their absence.

Miss Muriel DeWitt was home

with her parents for the weekend.

Douglas Haigh, San Bruno, California, was visiting with his sister, Mrs. Mark DeWitt this past week.

Mr. and Mrs. Morley Wallace returned home on Sunday after vacationing in the U.S.A.

Mr. and Mrs. Joe Dumka and family from Montreal are home visiting with Mrs. Dumka's parents, Mr. and Mrs. D. Richards, and also visiting with relatives of Mr. Dumka's in Calgary and surrounding district.

ARMADA

Mr. and Mrs. L. Birkeness of Calgary are visitors at the home of the former's parents, Mr. and Mrs. H. Birkeness.

An item of local interest which was overlooked in last week's news was the family reunion of the Craine family at the Geo. Stokes' home a week ago Sunday.

Those present were Mr. and Mrs. Geo. Craine, Mr. and Mrs. I. Erickson and family of Calgary, Mr. and Mrs. A. McLeod and family of Champion, Miss Amanda Nelson, Clyde Nelson and Ben Nelson of Clarindale, Iowa, Mr. and Mrs. H. Craine and daughter and Mr. and Mrs. G. Stokes and family of Armada.

Mr. and Mrs. W. Marks were visitors to Calgary on Monday.

Mr. and Mrs. M. Magella and family were Lethbridge visitors over the weekend.

Mrs. Besteel and Dianne Leach of Rosebud were guests at the home of Mr. and Mrs. J. Marks.

The local show has been cancelled for two weeks due to the severe polio outbreak.

Miss Lois Chase is visiting with Miss Shirley McCallister at the R. Valle home.

A valuable four year old Jersey cow belonging to Frank Boyd was struck dead a week ago Wednesday night during the violent electrical storm, leaving an orphan calf. The discovery was not made until Friday night by Bob Hale who was riding through the lease.

Mits Ruth Boyd is a bride-elect of this week, her marriage taking place in Southminster Church, Lethbridge on Aug. 16.

Mr. and Mrs. F. Boyd and daughters were weekend visitors to Lethbridge and Hardieville last weekend.

The Sealock twins were the recipients of many lovely and useful gifts on Thursday afternoon when many ladies of Armada and surrounding districts gathered at the home of Mrs. E. Howell to honor the young guests with a shower. Two contests were enjoyed by the ladies, winners being Mrs. C. Stokes and Mrs. G. Root.

A decorated basket laden with gaily wrapped gifts was then presented to Mrs. G. Sealock, mother of the twins by the hostess, Mrs. E. Howell. Mrs. Sealock sincerely thanked the ladies for everything, after which a delicious lunch was then served.

It is with regret that we report that Mr. R. Beagle received severe gashes in his leg when he met with an accident with a "Farm-hand." He was in the Vulcan hospital for several days but is home now. Latest reports are that his leg is not very well as yet but we hope it will be, very soon.

QUEENSTOWN

Friends of Mrs. Pete Soli will be glad to hear that she has recovered from her recent illness and will be out of the hospital this week.

Mrs. J. McLaughlin was confined to the Bassano hospital for four days with inflammation of the ears.

Lawrence Service of Red Deer has returned home after spending the holidays with his cousin, Loretta Lahd.

Mrs. W. Taggart was a High River visitor for a week.

Mr. and Mrs. Vic Gurin and family have left for a motor trip to points south.

Bill Harvey is on an extended holiday down east visiting relatives.

United States visitors from here during July and August were Mr. and Mrs. Jack Bushell, Maureen and Leigh Robertson, who attended a three-day square dancing school in Missoula, Mont., Mr. and Mrs. Charlie Lund and Helene, Mr. and Mrs. Joe Hough and Alan, Mr. and Mrs. Jesse Lahd and JoAnn.

Mrs. M. Van Orsdall of Vancouver, an old time resident of the Queenstown district, spent a few days here visiting friends in the latter part of July.

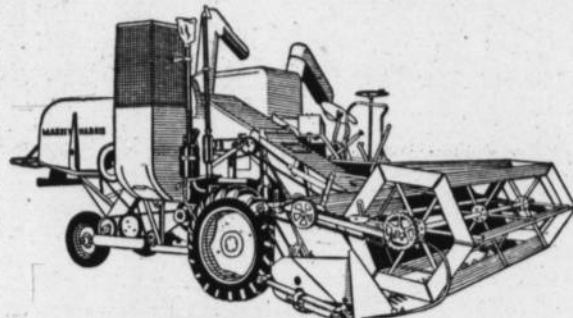

Miss Kathleen Osler of Vancouver is visiting her sister, Mrs. Harold Northcott.

Mrs. Dave Osler and Bert Brown of Victoria were visiting relatives in the district.
